Whoever you are, wherever you are, water is your human right.

This is Amiad’s 7th year participating in World Water Day and we had another full schedule of activities to celebrate and promote clean water for all:

1,107 Israeli children
1,087 in Israel
80 in global subsidiaries

Seeing the importance of water on our social media channels to support World Water Day

Sharing the importance of water on our social media channels to support World Water Day

Activities in 4 languages

Activities in 5 languages

Amiad’s WWD Primary School Presentation:
Ofek Elementary School
Karmiel, Israel
March 27, 2019

Amiad School Presentation:
Jean Lemaire De Belges Middle School – France
Rue du Vieux Chemin Bavay, France
March 12, 2019

We are pleased that this year’s World Water Day was another success. Ensuring universal accessibility to clean water and sanitation is a fundamental human right and we are proud to contribute to this day.

Since Amiad began celebrating its inaugural World Water Day in 2013, we have reached approximately 10,000 school children, which is a wonderful achievement for us!

We look forward to World Water Day 2020!
